*Speaker: Michael T. Bryan, Attorney at Law  
Elder Law /Medicaid and Veterans Benefits Planning  
Stubbins, Watson, Bryan & Witucky Co., L.P.A.*

- Do you know how to protect up to one-half or more of your assets and still qualify for Medicaid if you are in a crisis? Do you know how to protect even more of your assets if you engage in planning beyond Medicaid's 5 year look back period?
- Do you know how to receive between \$14,113.00 and \$26,036.00 in Veterans Benefits each year that can be used to help pay for health care costs?
- Do you know how Medicaid and Veterans benefits can be used together?
- Do you know if your current estate plan is compatible with VA and Medicaid Planning?

This is your opportunity to find out how these programs can work together, how to protect your assets and most importantly have peace of mind. Find out why you should talk to an attorney, before attempting anything on your own!
